

Simplicity at its best

A STUNNING BEACH VIBE AMID LEAFY GREENS

With unmatched views of Warrandyte and beyond, this stunning infinity pool is the perfect addition to any backyard. Perched on a hill, the vanishing edge of the pool overlooks the wide open valley of trees, bushland and windy roads, providing a natural and beautiful aesthetic which complements the home.

The beautiful swimming pool, which is rectangular in shape, is a simple yet effective addition to this modern contemporary home. It's located at the rear of the property and is the perfect size and shape. The generous length and hidden steps make this either a fantastic lap pool or a fabulous oasis to enjoy with family and friends.

The simple, minimalist glass fencing adds safety and a touch of sophistication to this pool setting. The crystal-clear glass showcases the elegance of the infinity feature with no unattractive security fencing or gating in the way. The glass fencing addition also contributes to the overall space, ensuring this poolscape remains an open, large area.

The sandy-coloured paving tiles and sky-blue pool tiles complement the overall home and

are a great combination. Styling this pool area with deck chairs and lush greenery enhances the design and gives the owners their own beach-style resort amid the leafy suburb of Warrandyte.

This swimming pool is fitted with a premium filtration system that pumps water from the catch basin to the main pool. This

ultimately reduces the need to constantly clean the pool, while also ensuring the water does not stagnate. This constant motion of water flow means the water is being continually cleaned and filtered, allowing you to relax more and stress less. It also ensures your pool looks great all year round.
